SANJAY S

Cyber Security & Full-Stack Developer

Chennai, Tamil Nadu | 9360865008 | sanjaypriya125@gmail.com
LinkedIn | GitHub | SkillRack Profile

PROFESSIONAL SUMMARY

Third-year Computer Science student specializing in Cyber Security, with hands-on experience in Full-Stack Development, App Development, and AI Automation. Built an AI-based intrusion detection system and AI-powered apps. Runner-up in a Vibe Coding competition, top 5th team among 100+ in the internal hackathon for Smart India Hackathon 2026, and solver of 1000+ coding problems.

TECHNICAL SKILLS

Programming Languages: Java, C++ (Basics), JavaScript, TypeScript, Python, SQL
Frontend & Mobile: React.js, HTML, CSS, JavaScript, Tailwind CSS, Flutter, Dart
Backend: Spring Boot, REST APIs, Node.js, Flask, FastAPI
Databases: MySQL, MongoDB, Supabase
Tools & Version Control: Git, GitHub, Visual Studio Code
AI & Automation: n8n, API Integration, Workflow Automation, Machine Learning (Random Forest)
Cybersecurity: Ethical Hacking Fundamentals, Intrusion Detection

PROJECTS

CraftMitra – AI-Powered Digital Business Manager for Artisans GitHub — Sep 2026

- **AI-Powered Catalog Generation:** Developed a Flutter-based mobile application that helps marginalized artisans digitize products through AI-powered image enhancement, product descriptions, and catalog generation.
- **Smart Pricing & Market Linkage:** Designed AI-assisted pricing recommendations and buyer discovery features to improve artisans' market accessibility.
- **Mobile Application Development:** Implemented responsive UI screens, application architecture, and core workflows using Flutter and Dart.

AI-Based Intrusion Detection System (IDS) GitHub — Mar 2026

- **Machine Learning-Based Detection:** Developed an intrusion detection system using the Random Forest algorithm and NSL-KDD dataset to classify network traffic and identify potential cyberattacks.
- **Threat Classification:** Implemented data preprocessing, feature scaling, and model prediction to distinguish normal traffic from malicious activities.
- **Real-Time Monitoring Dashboard:** Built a Flask-based web interface to display intrusion detection results and visualize network threat analysis.

Food Bridge – Food Rescue and Sharing Network GitHub — Oct 2025

- **Full-Stack Web Development:** Developed a food-sharing platform using React.js, TypeScript, and Tailwind CSS to connect food donors with people and organizations in need.
- **Database & Authentication:** Integrated Supabase for user authentication, database management, and storage to support food donation and sharing workflows.
- **Location-Based Food Sharing:** Integrated OpenStreetMap API to support location-based discovery of available food donations and facilitate efficient food redistribution.

PROFESSIONAL EXPERIENCE

NJS InfoTech — Chennai
IT Intern — May 2026 – Jul 2026

- **Automated Incident Management:** Contributed to developing a Self-Healing Incident Management System that automatically detects, classifies, and resolves system incidents using rule-based automation, reducing manual intervention and downtime.
- **Full-Stack Development & Testing:** Worked on frontend and backend development, application testing, debugging, and technical documentation using Next.js, Node.js, and JavaScript.

Infosys Springboard – Virtual Internship 7.0 — Remote
Virtual Intern – SignSpeak AI Project — 2026

- **AI-Powered Sign Language Platform:** Collaborated with a team to develop SignSpeak, an AI-powered sign language learning and assessment platform featuring real-time gesture recognition, structured learning, and performance tracking.
- **Frontend & Project Demonstration:** Contributed to the project workflow and live demonstration of the learner journey, covering login, dashboard, learning, gesture recognition, assessment, and analytics using React.js, Tailwind CSS, Python, FastAPI, MediaPipe, and OpenCV.

KEY ACHIEVEMENTS

- **Runner-Up, Vibe Coding Competition:** Secured the runner-up position in the Vibe Coding competition held at Velammal Engineering College, Chennai.
- **SIH 2026 Internal Hackathon:** Selected as the top 5th team among 100+ teams in the internal hackathon for Smart India Hackathon 2026.
- **Competitive Programming:** Solved 1000+ problems across competitive programming and coding platforms, strengthening DSA and problem-solving skills.

CERTIFICATIONS

- **Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate**
  Oracle | Oct 2025
- **ReactJS**
  Infosys Springboard | Feb 2026
- **Critical Thinking in the AI Era**
  HP LIFE | Feb 2026
- **Agentic AI Certified Foundations Associate**
  Oracle | Jul 2026
- **MongoDB Basics for Students**
  MongoDB | Aug 2026
- **Cybersecurity Analyst Job Simulation**
  Tata (Forage) | Feb 2026

EDUCATION

B.E. – Computer Science and Engineering, R.M.D Engineering College, Thiruvallur | CGPA: 8.36 — Sep 2024 – Jun 2028
Higher Secondary, Revoor Padmanabha Chetty Matriculation Higher Secondary School, Chennai | 91.83% — 2023 – 2024
